SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE. NOTE FOREGOING EXPLANATIONS.

1. Given below is miscellaneous information on a military camp and buildings and streets in the vicinity of the 4th Greek Settlement in Tashkent, Uzbek SSR, as shown on the [redacted] sketch on page 3. [redacted] 50X1-HUM

[redacted] the amount of salary varied between about 1,000 and 1,200 rubles a month. If the construction of a building was delayed because of a shortage of materials [redacted] was reduced. [redacted] occasional shortages of materials were the only problems [redacted] 50X1-HUM

None of the buildings in the area shown on the sketch had air raid shelters. [redacted] 50X1-HUM

2. [redacted] un- 50X1-HUM
- identified Soviet military camp located on ulitsa Pobeda and about 1,000 meters¹ southwest of the 4th Greek Settlement. The camp covered an area about 400 meters square, enclosed by a brick wall about two and one-half meters high. The camp was surrounded by flat fields. Inside the wall were a yard, which was the camp's only training field, and about ten brick buildings used as military barracks. Two of the buildings had two stories each and were about 100 by 30 by 12 meters; the remaining eight buildings

were one-story structures about 20 by four by five meters. The entrance to the camp was guarded by Soviet soldiers. the camp's strength between 500 and 1,000 men.

3. The buildings in the area included on the sketch are as follows:

50X1-HUM

- a. The 4th Greek Settlement, which consisted of about 25 two-story buildings located between ulitsa Morozova, ulitsa Kuchina, and ulitsa Levitana. Each of these buildings was of kiln-baked bricks and about 40 by 20 by 12 meters.
- b. A tekhnikum (see point number 1), which was located on a side street (name unknown) and about 30 meters west of ulitsa Morozova. It was built between July 1950 and early 1955 and was in the shape of a T. The foundation and frame of the building and the columns supporting each floor were of reinforced concrete; the walls were of kiln-baked bricks. The tekhnikum had a basement and three stories; its dimensions were about 50 by 50 by 15 meters. this was an industrial tekhnikum.
- c. A ten-year Soviet grammar school (see point No. 2), which was located on a side street (name unknown) and about 80 meters west of ulitsa Morozova. The construction of the school was begun in Spring 1953 and completed in early 1957. The foundation and frame of the building and the columns supporting the floors were of reinforced concrete, and the walls were of kiln-baked bricks. The school had a basement and two stories and was about 40 by 20 by 12 meters.

50X1-HUM

4. The following streets are shown on the sketch:

- a. Ulitsa Morozova, an asphalt road about ten meters wide and 400 meters long. in the coming months this road would be connected with shosse Lunacharskogo. Bus No. 4 ended at the junction of ulitsa Morozova and ulitsa Kuchina.
- b. Ulitsa Kuchina, an asphalt road, without sidewalks, about three and one-half meters wide and 400 meters long.
- c. Ulitsa Levitana, a gravel road, without sidewalks, about three and one-half meters wide and 400 meters long.
- d. Ulitsa Pobeda, an asphalt road about five meters wide and about three kilometers in length from ulitsa Morozova to a main street (name unknown). Bus No. 4 runs on ulitsa Pobeda.
- e. A main street (name unknown), a new dirt road about 15 meters wide. In the coming months it was to be covered with asphalt. It was planned that a trolley bus would run on this street from the shosse Lunacharskogo to near the Cable Plant.
- f. A side street (name unknown), a gravel road about four meters wide and 200 meters long. The tekhnikum, the grammar school, and a movie house (see number three) were on this street.

Comment:

50X1-HUM

1. This and all other distances given in this report were estimated on the basis of the length of time needed to walk the distance.
